Old National Bank Treasury Management Service

Monday-Friday 8am to 6pm CT | 7am to 5pm CT (except bank holidays)

800-844-1720 | tmsupport@oldnational.com

Accessing Administrative Functions

Administrators **MUST** be logged into Web Client for these functions.

Choose Administration from the top navigation menu.

First screen is the user administration table:

Administration									
User Administration Reset Duplicate History ?									
Delete	Edit	UnLock	Enable/Disable	Reset Password	User Name	Last Password Changed Date	Is Online	Is Locked Out	
			<input checked="" type="checkbox"/>	Reset	a[redacted]	2/9/2016 2:26:57 AM	False	False	
			<input checked="" type="checkbox"/>	Reset	a[redacted]	8/23/2017 9:06:17 AM	False	False	
			<input checked="" type="checkbox"/>	Reset	b[redacted]	2/9/2016 2:26:59 AM	False	False	
			<input checked="" type="checkbox"/>	Reset	c[redacted]	6/28/2017 2:27:53 PM	False	False	
			<input checked="" type="checkbox"/>	Reset	j[redacted]	2/9/2016 2:26:50 AM	False	False	
			<input checked="" type="checkbox"/>	Reset	j[redacted]	9/15/2016 9:49:10 AM	False	False	

[Create User](#)

Create a User

Click the **Create User** option beneath the user table.

Enter contact information for the user – their permanent user name, email address, phone number(s). Select their roles, accounts, location, and scanner.

To choose the appropriate Role, see pages 5-6 under the heading that best describes your setup. Web Client is for users that log in to the Express Deposit website; Smart Client is Express Deposit software that has been installed on the local PC (less common). Deposit Approval is whether users can submit deposits to ONB on their own, or if another user must approve the deposits first.

After clicking the **Create User** button, a confirmation message is loaded under the user table:

Create User

User Name:

E-mail:

Phone Numbers:

Home US - UNITED STATES (1) - - extn

Mobile US - UNITED STATES (1) - - extn

Work US - UNITED STATES (1) - - extn

Roles:

MerchantSupervisor

MerchantDepositor

MerchantReviewer

MerchantAssessor

DepositManager

MerchantOperator (Smart Client Only)

Accounts:

Enable All **Disable All**

Location: Select a location

Default Geolocation: Select a geolocation

Scanner: Select a scanner

An email is immediately sent to the user’s email address with their temporary password.

The user has been created successfully. [Create another user?](#)

Modify User

Click the paper icon in the edit column for the user.

Administrator can change the user’s email address, phone numbers, roles, accounts (from a list), location (from a list), and scanner (from a list).

Unlock User

Click the lock icon for the user to unlock their access.

Reset Password

Click the Reset link for the user. An email is immediately sent to the user with a new password.

Password has been reset. An email notification has been sent to the user.

Delete	Edit	UnLock	Enable/Disable	Reset Password
			<input checked="" type="checkbox"/>	Reset

Delete User

Click the red X in the user table.

Admin will be prompted to Press OK to continue with the deletion.

Deposit Activity Emails

ONB Express Deposit can send deposit activity emails to users and non-users. The emails contain a summary of what was processed either by the user or for the entire merchant.

To send emailed reports to a non-user, click on the Administration tab at the top of the page, and then on Deposit Activity Emails.

Enter the person’s email address in the External Email Recipients field. Select the email frequency and time of day for the delivery of the email, then click the Save button.

External Email Recipients:

Email Frequency: **Send Time:** :

To send emailed reports to a user, check the box next to the user for User Report, Merchant Report, or both. Select the frequency and time of delivery, and click the Save button at the end of the row.

User Name	Email	User Report	Merchant Report	Email Frequency	Send Hour	Send Minute	Send AM/PM	Save
p	@oldnational.com	<input type="checkbox"/>	<input type="checkbox"/>	Daily <input type="text"/>	5 <input type="text"/>	00 <input type="text"/>	PM <input type="text"/>	<input type="button" value="Save"/>
