20% w \$200 max	20% w \$200 max	Not covered	Medical Deductible applies before copayments	Accumulates to overall medical plan OOP & 100% coverage afterwards

* Coinsurance applies after deductible is satisfied

Non-embedded deductible -This means for coverage other than single, there is no individual deductible. The family deductible must be met before the plan begins to pay. (Preventive care is not subject to the deductible)

Embedded deductible - Each family member has an individual deductible in addition to the overall family deductible before the plan begins to pay. (Preventive care is not subject to the deductible). If one family member reaches the individual deductible, additional medical expenses incurred by that individual will be covered by the plan.
