

# Lowering your out-of-pocket costs can be stressful.

Paydhealth is here to help.

## Reduce costs. Reduce stress.

When faced with the high costs of specialty pharmaceuticals, you can't afford to stress over how to pay for them. Paydhealth never stops working to find alternate funding methods that help you reduce your out-of-pocket costs for the drugs used to treat rare or chronic conditions such as cancer, rheumatoid arthritis, hemophilia, HIV, and many more. We manage the entire process, handle all the logistics, and keep all your information completely confidential in a secure environment.

## What to expect

All you need to do is enroll. We'll take care of the rest. It's our job to help.

1

### We'll take the first step.

A Paydhealth Case Coordinator will call or text you to get started. All you have to do is respond, and we will walk you through the process.

2

### Fill out the online application.

To meet your plan's coverage criteria, you will be asked to provide important information that assists Paydhealth in advocating on your behalf.

3

### Save money!

Working on your behalf, your Paydhealth Case Coordinator will manage the rest, communicating with the pharmacy to help you get your medication timely and affordably.

## Experience Matters
